Land Based Classification System, Standard Color Code, American Planning Association.
Dwelling units per gross acre.
Interior lots.
Abutting public right-of-way.
Improved parking spaces per dwelling unit.
Single-family detached units per gross acre.
Duplex dwelling units per gross acre.
Minimum front setback for duplexes.
9 Townhouse development standards.
10 Minimum lot dimensions for duplexes.
11 Minimum lot dimensions for multi-family buildings.
12 Minimum area for mobile home subdivision.
13 Minimum distance between RVs.
14 Land Based Classification System, Standard Color Code, American Planning Association.
15 Dwelling units per gross acre.
16 Contiguous $80,000 \mathrm{sf}$ of land include public right-of-way where both frontages zoned to permit predominantly non-residential uses (i.e. OP,
$\mathrm{C} 1, \mathrm{C} 2, \mathrm{C} 3$ or LI ) required to establish C2 District.
17 Contiguous 200,000 sf of land include public right-of-way where both frontages zoned to permit predominantly non-residential uses (i.e. OP,
$\mathrm{C} 1, \mathrm{C} 2, \mathrm{C} 3$ or LI ) required to establish C3 District.
18 No outdoor lighting shall be directed into adjacent residential areas or at angles that interfere with driver vision on adjacent roadways.
19 A minimum contiguous area of 800,000 sf which may include water bodies, wetlands and/or public right-of-way and where both frontages are
zoned C3 or LI is required to establish a LI District.
2075 feet if adjacent to residentially zoned areas. For internal lots within a platted industrial park, the front setback shall be 20 feet, the side setback ten feet, and the rear setback ten feet.
